HIMS HospiLogix Named Best Hospital Management Software Company of 2021 by Digital.com

The company was recognized among the most effective platforms for managing appointment booking, inventory management, medical billing and more

Delhi, India— [Digital.com](https://digital.com), a leading independent review website for small business online tools, products, and services, has named HospiLogix™ among the best hospital management software companies of 2021. Research experts evaluated the top systems based on management features, patient types, and integration capabilities.

HospiLogix™ and other platforms were expected to provide tools that can handle clinic workflows in various areas, such as patient records, claims, appointment scheduling and medical billing. The study prioritized software that cater to both inpatient and outpatient management. It was also crucial that all systems offer integrations for EHR systems and other programs frequently used with hospital management software.

Digital.com's research team conducted a 40-hour assessment of over 70 solutions. To access the complete list of best hospital management software, please visit <https://digital.com/hospital-management-software/>.

ABOUT HIMS HOSPILOGIX

HospiLogix™ is a web-based, multilocational, scalable and modular Hospital Information System. Developed by NextGen eSolutions in 2005, this system was built to serve the digitization needs of hospitals, particularly those aspiring to expand rapidly. The solution boasts of 40+ modules, and is completely configurable, allowing a hospital flexibility in its processes. **HospiLogix™** is presently implemented across a multitude of private and government hospitals. The company prides itself on continuous innovation, and has built a remote patient engagement module through the Covid- 19 pandemic, allowing a hospital to retain patient midshare allowing for better care delivery.

GE Healthcare, India's leading medical technology company which is revolutionising healthcare access in the region, has partnered with NextGen for marketing and distribution of Hospilogix.
